

Hello Class 1,

What a wonderful snowy day to wake up to! I hope you get chance to play in the snow! Here are a few activities to complete to keep you busy.

EYFS

1. Please read your reading book with an adult and revisit last term's sounds (see yellow home book).
2. Design a snowman (see worksheet for ideas). Don't worry if you haven't got a printer. If you have a piece of white paper, you could use any craft materials to decorate a snowman.
3. Adults please help draw a number track from 0 to 10. Find objects to count sets up to 10 (e.g. buttons, pasta pieces, toys etc..) Counts sets of objects. Can you find the number on the number track? Can you find one more than a number?

Y1s and Y2s

1. Read your school reading book for at least 10 minutes – ask a grown up to sign your reading record if possible.
2. Please spend some time on Maths Whizz: [Login - Maths-Whizz](#) Remember the aim is to get at least two blue gems (new learning) and one red gem (revisited learning) a week but it's fine to do more.
3. Write a few sentences to describe the setting below. Please use adjectives to describe what you can see e.g. The snowman has long arms and is wearing a purple mitten.

Please bring any completed work to school on Monday as I'd love to see it and you can also send in pictures of you having fun in the snow to info@darleychurchtown.derbyshire.sch.uk

Have a lovely day,

Mrs Preston
