In September 2013 the government introduced new regulations making it clear that Headteachers must not give approval for any leave of absence during term time, including holidays, unless there are exceptional circumstances. Parents are not entitled to take their children on holiday in term time. Planned absence can only be taken with the prior written approval of the headteacher. Each case will be considered on its own merits and the decision of the headteacher is final.

Any requests for term time leave should be made on a leave of absence request form available from the school office and handed in at least two school weeks before the first date of the requested absence whenever possible. You must have received written authorisation before your child can be absent from school.

If a request for leave is denied and the pupil is absent for 5 days or more then the school is expected to refer the case to the local authority. Parent/carers may be issued with a penalty notice fine or prosecution should leave of 5 days or more be taken which is not authorised by the Headteacher, or where repeated incidents of leave in term time for less than 5 days occur or where the unauthorised absence contributes to wider poor attendance that meets the legal threshold. If unpaid this could lead to prosecution under section 444(1) of The Education Act 1996

Absence deemed for the reason of unauthorised leave in term time will be marked in the register with the Attendance code G.

Further information regarding school attendance and penalty notices can be found on the DCC website <https://www.derbyshire.gov.uk/education/schools/welfare-services/attendance/school-attendance.aspx>

Keeping children safe during hot weather

- Are you aware children are more vulnerable to the hot weather?
- Children cannot control their body temperature as efficiently as adults because they do not sweat as much.
- Here are some top tips to keep children safe in the heat.

Stay cool

Avoid direct sunlight during the hottest times of the day from 11am – 3pm.

Be prepared!

Think about signing up to the [Met Office Alerts](#) and watch the weather forecast to prepare for heatwaves.

Ensure you are aware of the procedures in your setting if there is a heatwave and any action you may need to take.

Staff should be aware of health risks from heat, including heat stress, heat exhaustion & heatstroke. It is important to be aware of the symptoms and how to treat.

[Looking after children and those in early years settings before and during hot weather: teachers and other educational professionals - GOV.UK](#)

Stay hydrated

Provide and encourage frequent drinks to children to ensure they are hydrated.

Staying safe outside

Ask parents to dress children in loose-fitting, light-coloured clothing that covers as much of their child's body as possible.

Children should wear hats that shade the face, neck, and ears.

Apply sunscreen before going outdoors and reapply every 2 hours.

Children should be encouraged to stay in the shade as much as possible.

Remember:

- ✓ The best way to enjoy the sun safely and protect your skin is to use shade, clothing, and sunscreen
- ✓ Shade and clothing are better than sunscreen at protecting your skin.
- ✓ Sunscreen shouldn't be used to spend longer in the sun. But they can be useful for protecting the parts of the body not covered by clothing or shade.

Note: This guidance applies equally to adults.

What Parents & Educators Need to Know about NINTENDO SWITCH 2

Nintendo launched its Switch 2 games console in early June 2025 – its first new console in eight years. While it builds on the original's success by remaining compatible with certain existing games, it also adds powerful hardware and new features like GameChat and a USB-C camera. As more children look to upgrade, it's important to understand how this new console might affect their play and safety.

WHAT ARE THE RISKS?

EASIER TO ACCESS MATURE CONTENT

18
CENSORED

Despite Nintendo's reputation for family-friendly titles, mature games like *Cyberpunk 2077* and *Hitman* have been released onto the platform. With the Switch 2's improved performance, developers will be able to port even more mature-rated games. These may appeal to children due to their popularity, but they contain content that is highly unsuitable for young audiences.

IN-APP & GAME STORE PURCHASES

The Nintendo eShop enables purchases with just a few taps. If payment details are saved and PIN protection is disabled, children may unknowingly make costly purchases – including game add-ons, cosmetic items or entire new releases – without parental approval.

UNRESTRICTED ONLINE PLAY IN SOME GAMES

While GameChat is one feature, Switch 2 also connects to the broader Nintendo Switch Online service. Many free-to-play titles like *Fortnite* or *Splosion 3* allow voice or text chat with strangers unless chat settings are adjusted, meaning children could encounter inappropriate language or unwanted contact.

GAMECHAT & REAL-TIME VOICE COMMUNICATION

GameChat enables live chatting with up to 12 people, even across different games, with optional video and screen-sharing. Though children under 16 are restricted to chatting only with approved friends, the sheer interactivity could raise privacy concerns or create pressure to remain online longer.

CAMERA COMPATIBILITY & PRIVACY CONCERNS

The optional USB-C camera supports video calling and facial overlays in games; however, this also raises the risk of cyberbullying or the unwanted sharing of personal images. The camera can be disabled, removed or covered, and parental controls are essential to manage how and when it is used.

POWERFUL PULL OF FAMILIAR CHARACTERS

Nintendo's mascot, Mario – along with Pikachu, Donkey Kong and others – remains hugely appealing to younger audiences, especially after the success of the recent film, *The Super Mario Bros. Movie* (2023). These beloved icons are central to Nintendo's branding and often feature in merchandising, adverts and in-game promotions, creating strong emotional attachments in children and a sense of urgency to keep up with their peers.

Advice for Parents & Educators

CHECK RATINGS & USE PARENTAL CONTROLS

Every Switch and Switch 2 game comes with a PEGI age rating. Before buying one, ensure the content matches your child's age. Use the Nintendo Parental Controls app to monitor gameplay, set screen-time limits and manage friend requests.

REMOVE OR RESTRICT PAYMENT METHODS

Avoid accidental spending by unlinking credit cards from the device. Instead, consider adding funds via prepaid eShop cards or requiring a PIN for purchases. Some banking apps can also be set to approve transactions manually.

REVIEW FRIEND LISTS AND CHAT PERMISSIONS

Child profiles are restricted to chatting with approved friends only, but it's good practice to regularly check their friend list and communication settings. Use the Parental Controls app to switch off voice or video chat if necessary.

ENCOURAGE OPEN CONVERSATIONS

Teach children how to block, report and capture any behaviour or content that makes them uncomfortable. The console's built-in tools allow them to create screenshots and video clips, which can aid in reporting any issues. Keeping an open dialogue helps children feel supported and safe.
